### COMPANY CORPORATE PROFILE

Top Feel is a subsidiary of Top Glove Corporation Bhd, the world's largest manufacturer of gloves with 30 years of industry experience. Top Feel was established as part of the Group's initiative to diversify into various medical devices, in line with the Group's strategic expansion plans.

Top Feel has a well established ISO 13485:2016 quality management system in place, enabling it to deliver medical products of prime quality, which conform to and comply with various international standards.

Top Glove Corporation Bhd is a public listed company serving a network of over 2,000 customers in 195 countries with operations spanning across Malaysia, Thailand, China, US, Brazil and Europe.

Not content to rest on its laurels, Top Glove has now set its sights on the next level of success and aspires to become a Fortune Global 500 company by 2040. Top Glove will continue to expand organically, explore M&A and joint venture opportunities as well as new set-ups in synergistic industries, in pursuit of its ambitious growth agenda.
