

# CHLOROPRENE GLOVES

Excellent durability with exceptional comfort, strength and protection

Synthetic polychloroprene gloves provide a comparable softness as natural rubber latex but without the risk of protein allergy. This eliminates the risk of Type I allergy. With its unique formulation and glove mold design, this glove provides additional comfort during use over an extended period of time without hand fatigue.

## PRODUCT FEATURES

Provides tactile and sensitivity of latex gloves without risk of Type I skin allergy

Strong, flexible and highly durable due to the nature of Chloroprene properties

Chloroprene provides exceptional resistance towards alcohol and oil

Provides exceptional strength and protection

## CHLOROPRENE ACCELERATOR FREE SURGICAL GLOVES

### FUNCTIONAL BENEFITS

- Minimize Type I and Type IV allergies
- Better chemical resistance compared to nitrile
- Softer and more comfortable which reduces hand fatigue upon wearing
- Imitation of natural rubber without protein

### QUALITY STANDARD

- Conforms to ASTM D3577
- Manufactured under ISO 13485:2016 Quality Management System

### GLOVE SIZE

5.5, 6.0, 6.5, 7.0, 7.5, 8.0, 8.5, 9.0

### MATERIAL

Chloroprene

### DESIGN & FEATURES

Hand specific, curved finger, palm textured, beaded cuff

### COLOUR

Green

### SHelf-LIFE

3 years from the date of manufacturing

### LENGTH (mm)

Min. 280

### THICKNESS (mm)

Finger: 0.18 ± 0.02

Palm: 0.16 ± 0.02

Cuff: 0.12 ± 0.02

### PALM WIDTH (mm)

5.5 = 72 ± 4

6.0 = 77 ± 5

6.5 = 83 ± 5

7.0 = 89 ± 5

7.5 = 95 ± 5

8.0 = 102 ± 6

8.5 = 108 ± 6

9.0 = 114 ± 6

Formulated with a unique rubber formulation which do not compromise its strength and durability

Applications: General Surgery | Examination | Chemical Processing | Machining | Automotive | Janitorial | Petrochemical | General Industry | Maintenance
