

CHARCOAL NITRILE EXAMINATION GLOVES

Plant
Based
Charcoal

FUNCTIONAL BENEFITS

- Water repellent
- Less latex odour and absorbs bad odour
- Convenient and comfortable to use for a prolonged period
- Suitable for food handling including sticky food
- Water droplets help remove contaminants as they roll off the glove surface, thereby naturally cleaning the glove

QUALITY STANDARD

- Conforms to ASTM D6319 and EN455 Standard
- Manufactured under ISO 9001:2015 and ISO 13485:2016 Quality Management System

MATERIAL

100% Synthetic Nitrile Latex

LENGTH (mm)

Min. 240

PALM WIDTH (mm)

XS = 76 ± 3

S = 84 ± 3

M = 94 ± 3

L = 105 ± 3

XL = 113 ± 3

COLOUR

Black

THICKNESS (mm)

Finger: Min. 0.08

Palm: Min. 0.08

GLOVE SIZE

XS, S, M, L, XL

DESIGN & FEATURES

Ambidextrous, finger textured, beaded cuff

SHELF-LIFE

3 years from the date of manufacturing

Have less contact
to dust, dirt and
bacteria
