ACCELERATOR FREE
NITRILE EXAMINATION GLOVE

An exclusive combination of barrier protection and allergy prevention

Minimizing risk of Type I and Type IV allergic

- Free from latex proteins, minimizing risk of Type I Immediate Hypersensitivity reaction
- Formulated without accelerator chemicals, minimizing risk of Type IV Delayed Allergic Contact Dermatitis
- Tested against selected chemotherapy drugs according to ASTM D6978-05
- Residue accelerator tested according to ASTM 7558-09
- Chemical resistance tested according to ASTM F739
- Low Zn content and non-detectable heavy metals
- Softer and more comfortable. Glove will maintain the softness upon natural/accelerated aging
- Biocompatibility tested
- Low dermatitis potential tested with Modified Draize - 95 Test
- Patent pending

Product Specifications
Type: Nitrile Examination Glove, Accelerator Free, Powder Free, Online Single Chlorinated, Non-sterile
Material: 100% Synthetic nitrile butadiene quality latex
Colour: Blue
Design & Features: Ambidextrous, finger textured, beaded cuff
Storage: The glove shall maintain their properties when stored in cool and dry condition. Avoid direct sunlight.

Quality Standards
- Conform to ASTM6319 and EN455 standards.

Residue Accelerator Tested according to ASTM 7558-09
