KUALA LUMPUR: [Top Glove Corp Bhd](#)  is working towards rectifying the remaining five International Labour Organisation's (ILO) indicators as pointed out by the United States (US) Customs and Border Protection (CBP), managing director Datuk Lee Kim Meow (pic) says.

He said the company had an engagement with the CBP last week and informed the latter that it has been complying with the CBP's direction and aimed to convert at least one of the 'Bs' into 'A'. Top Glove will complete the outstanding tasks after which it will get an independent consultant for verification and had targeted to expedite this within a month, he added. — Bernama
