PRESS STATEMENT

Top Glove Corporation Bhd (Company No. 199801018294 [474423-X])

For Immediate Release

UPDATE ON TOP GLOVE COVID-19 POSITIVE TEST CASES

Shah Alam, Thursday, 5 November 2020: Top Glove today confirms that 17 employees, less than 0.1% of the Group's total workforce of 21,000 people, have tested positive for COVID-19 since January 2020.

These affected employees were asymptomatic and most of them did not have a fever. They were isolated following the swab test taken on Monday, 2 November 2020, and have since been admitted to hospital for treatment after their results came back positive.

Deep cleaning and thorough sanitisation of the affected factory, living quarters and company vehicles have been carried out in accordance with guidelines from the Ministry of Health. In tandem, contact tracing is underway and employees in close contact with the affected employees have been tested and put on home quarantine pending results. There is no impact on the operations of Top Glove.

We wish to reiterate that the safety and well-being of our employees and external partners are of utmost importance to us, and that we have implemented various SOPs to help curb the spread of this virus, including the registering of employees and visitors as well as temperature checks before being allowed to enter Top Glove's premises; enforcing the usage of face masks for everyone within the Company's premises; placement of markers for physical distancing; and the provision of hand sanitisers at various locations. For further information on our COVID-19 preventive measures, please visit <https://www.topglove.com/covid-19-preventive-measures/>
